

Sick Child Policy

St. Paul's asks that you help us provide a healthy environment for our children. In doing so we ask that you do NOT bring your child to our Sprouts or Seedlings program if they are exhibiting any of the following symptoms:

- A fever currently or within the last 24 hours
- Vomiting or diarrhea within the last 24 hours
- Eye or skin infections
- Flu symptoms (cough, lethargy, etc.)
- Green nasal discharge
- Uncontrolled coughing, difficulty breathing

The Sprouts and Seedlings staff/volunteers reserves the right to ask parents to keep their child in the service if they exhibit any of the previous symptoms or are unable to appropriately participate due to illness.
